

Accept me

^e My face is hidden ^h behind ^a a paper,
^e the evening ^h lights flow through my ^e hair,
^e my eyes, they're ^h burning like some ^a wood,
^e the sound the street makes fills my ears.

^D Inside my hope ^e cries for another.

^D But they won't come.

^D Outside my arms ^e long for some other

^D I know my arms, they long in ^C vain.

^G Accept me like you would ^h another ^e

^a Say some warm words to me ^e

^G Accept me like you would ^h another ^e

^a Say some warm words to me ^e

^e
I'm leaning anxiously by a street-lamp ^a

^h
I'm leaning there and feel alone ^e

^e
My friends are gone, left me behind ^a

^h
I loved them all and asked them why ^e

^D
Inside my heart burns for another ^e

^D
But she won't come ^e

^D
Outside my arms long for another ^e

^D
I know my arms, they long in vain ^C

^G
Accept me like you would another ^e

^a
Say some warm words to me ^e

^G
Accept me like you would another ^e

^a
Say some warm words to me ^e
